THE LEOPARD

1974

NEW HOME HIGH SCHOOL
NEW HOME, TEXAS

Of Poems, Prayers, and Promises

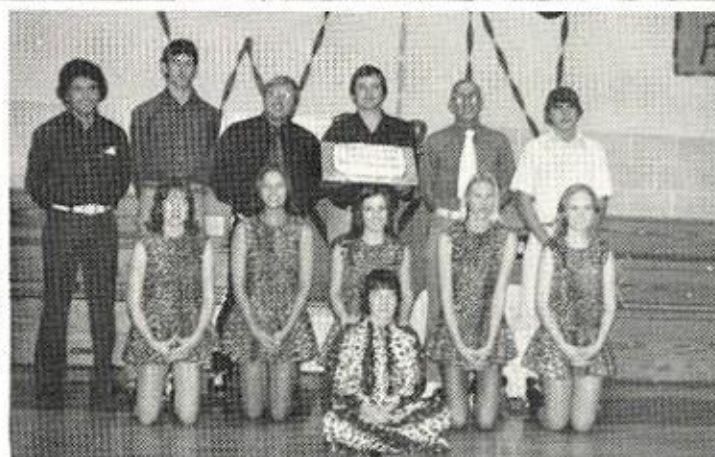

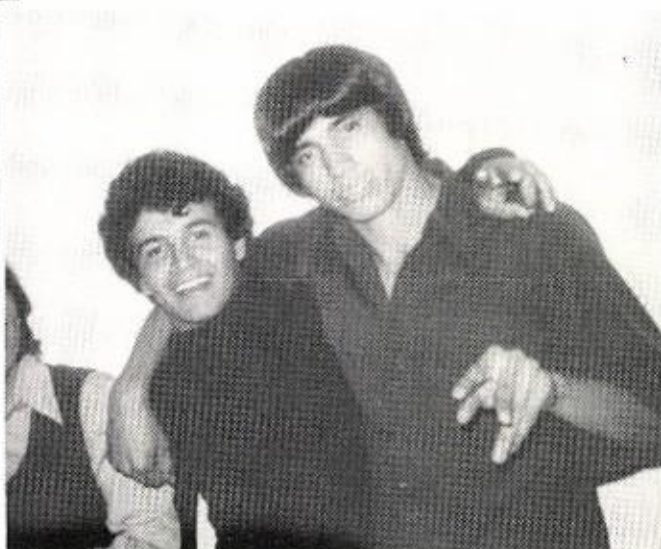

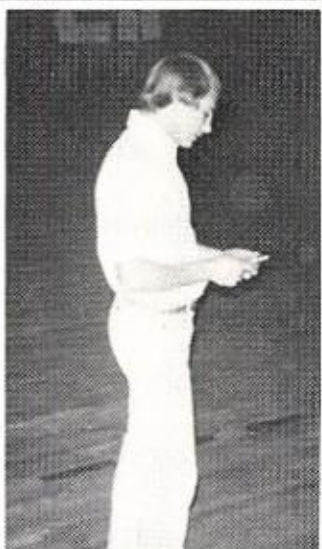

And things that we believe in,

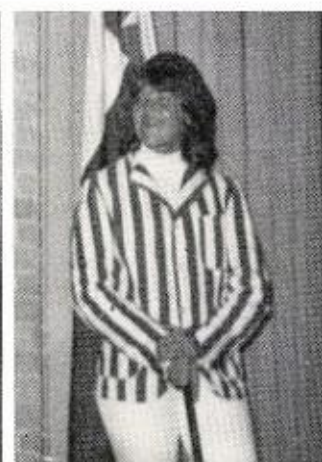

How sweet it is to love someone,

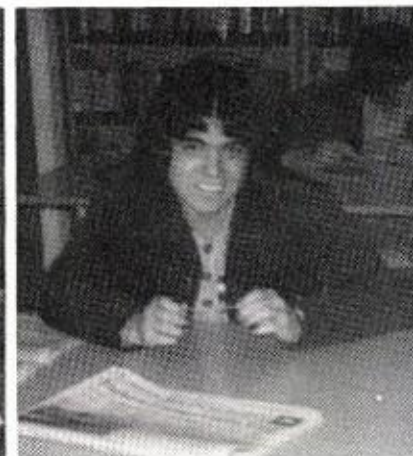

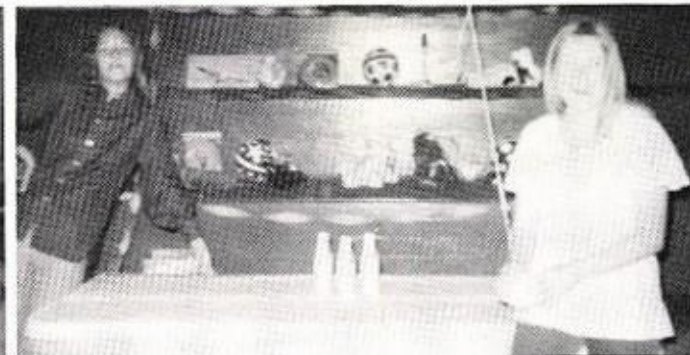

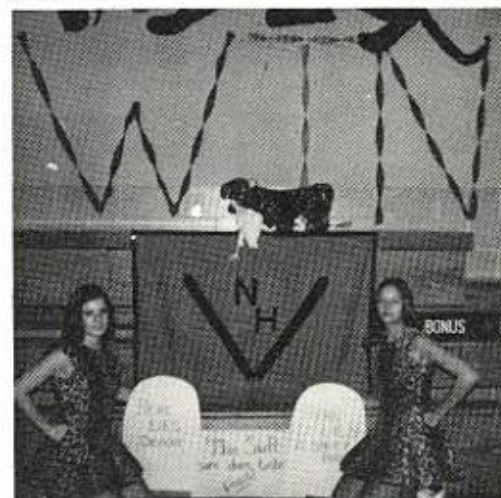

How right it is to care,

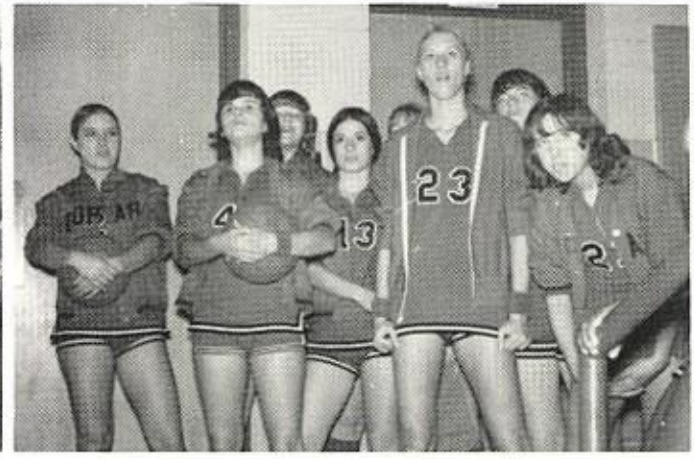

How long it's been since yesterday

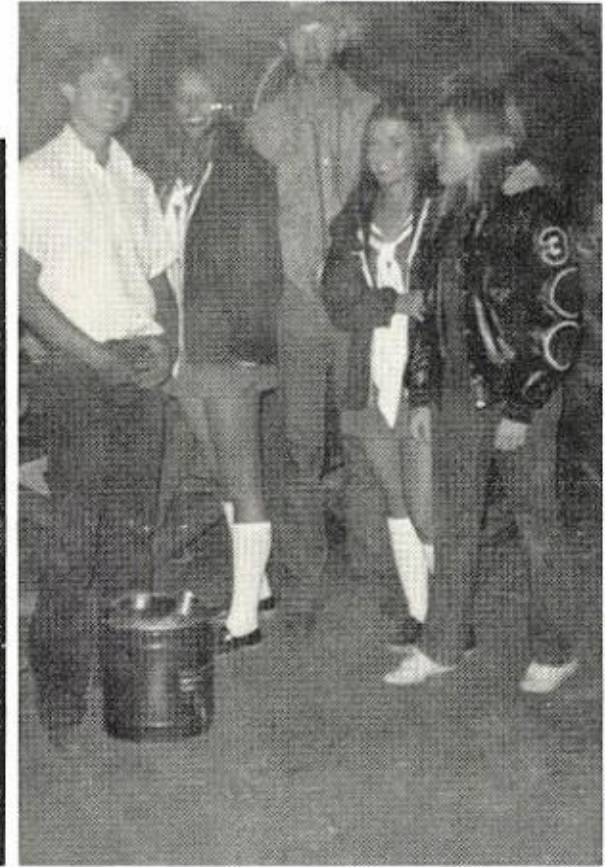

And what about tomorrow?

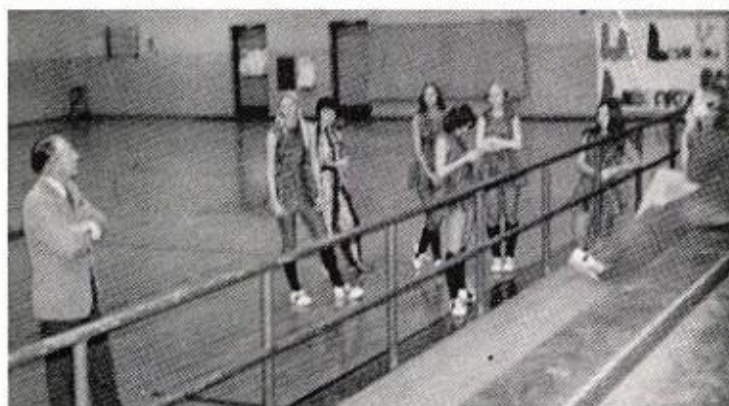

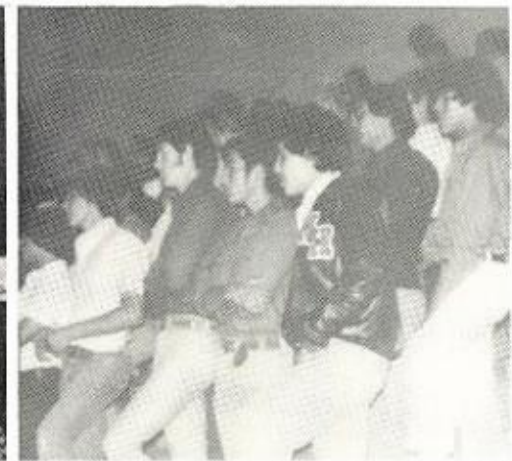

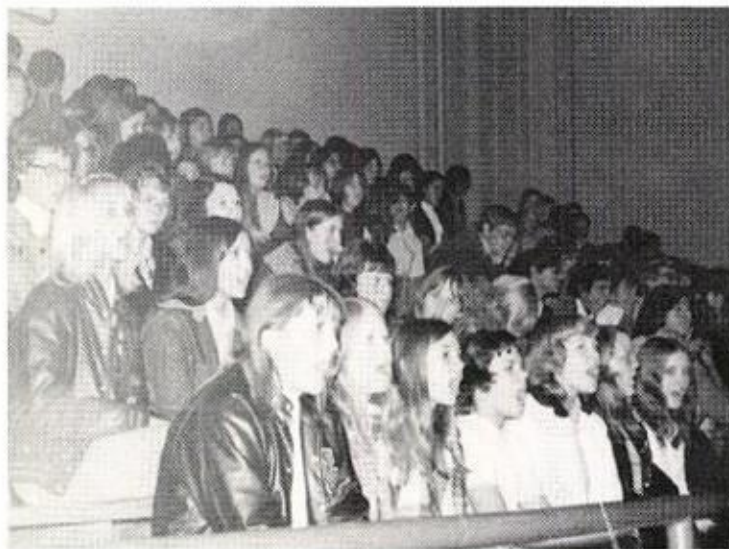

And what about our dreams

And all the memories we shared?

DEDICATION

MR. LYNN DENTON

We, the 1974 Senior Class of New Home High School, are proud to dedicate our annual to Mr. Lynn Denton. He has always supported us both in the classroom and on the playing field. He has put forth much time and effort in "preparing us for tomorrow," and we are forever grateful to him. His patience and understanding are undying as is our appreciation and love for him not only as a principal and teacher, but as a good friend and a truly great man.

my problems
are 3 prongs

The principal, too, was
genuinely concerned
with the problems of
the student body.

Periodically, through
the co-operation
of the student
council, a
full day was
set aside
to give students
a chance
to say

problems, they
are many if
to go straight to the

one thing that always helped
me was that I tried to be
optimistic. This was very
hard to keep up in the
cynical atmosphere of the
students here. of course not
all are cynical. the apathetic
resistance of my peers
is just a front. I have
more faith in their
potential.
and why should it be? ~..
everything has a right to
be given a chance, and if
it has worth, then it should be.
OK?..... OK.....

People, that's
what this world
is made up of.
Oh, yeah, there's
folks that had a chip
on their shoulder,
but it's probably
not their fault,
it's their badger,
they feel sorry for.

Then you meet

full of a sunshine

love people who are

WHO IS WILLIE WIREDHAND?

Willie Wiredhand is the symbol of the rural electrification program as carried on all across our nation by member cooperatives of the National Rural Electric Cooperative Association.

Willie has become a permanent 'hired hand' for the farmer and other rural folk, one who is a tireless worker and one who never shirks his duty.

Willie has been on the job since 1950 to notify the public about the vast rural electric system.

We're proud to be a part of that system
